Precious Metals and Stocks Into Oversold Mode

Precious metals are registering varying oversold conditions. Platinum and palladium are generating oversold alerts against rising 50-day moving averages.

Gold and silver are oversold on a weekly basis and timing models call for a low now.

Most stocks are oversold. The following charts may be of interest to those with experience in trading junior mining stocks.

Price levels that would interest us:

AVR.V	0.52
BSK.V	0.60
BBR.V	1.83
CLF	37.50
FM.TO	78.00
GBU.TO	3.45
IVN.TO	14.20
OK.V	1.10
PDL.TO	3.60
PG.TO	3.50
SVM.TO	5.25
SWC	9.60
XRC.TO	5.60

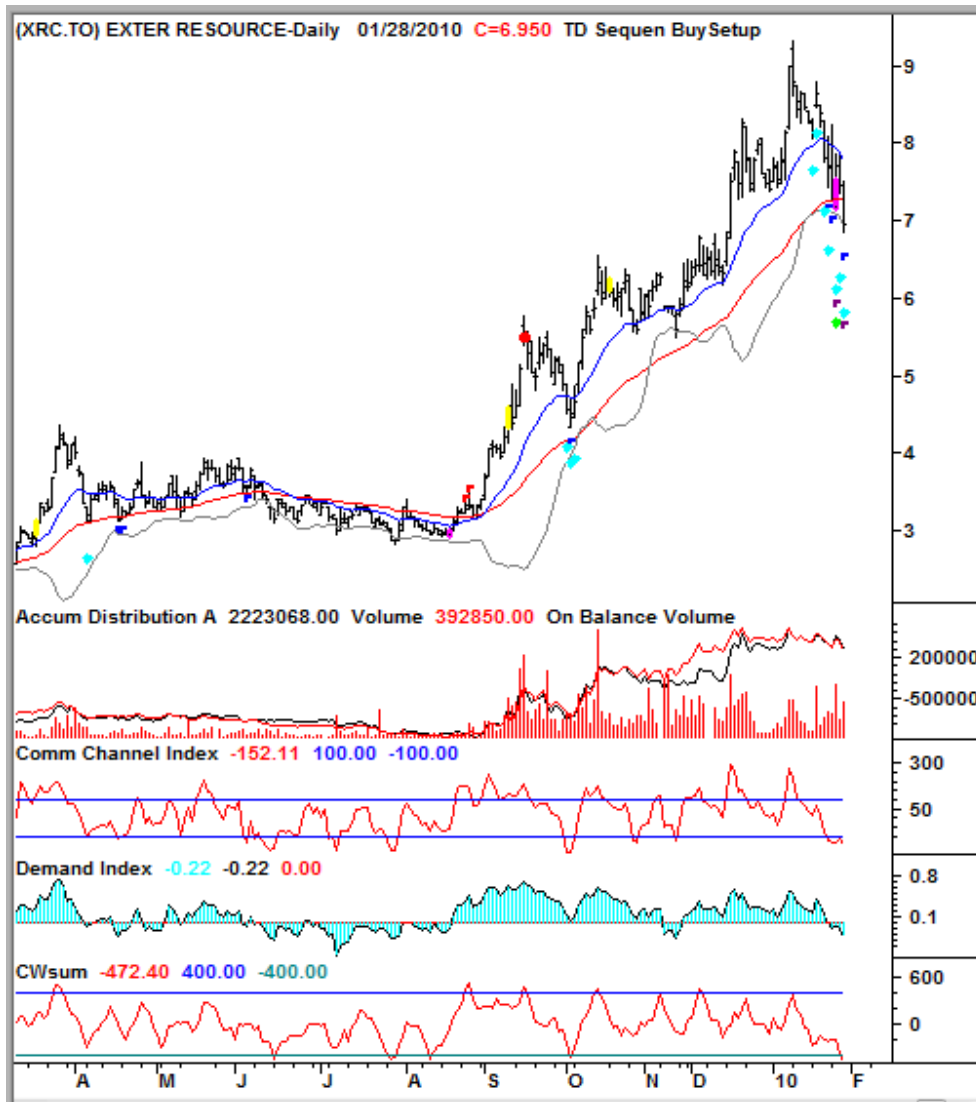

The opinions in this report are solely those of the author. The information herein was obtained from various sources; however we do not guarantee its accuracy or completeness. This research report is prepared for general circulation and is circulated for general information only. It does not have regard to the specific investment objectives, financial situation and the particular needs of any specific person who may receive this report. Investors should seek financial advice regarding the appropriateness of investing in any securities or investment strategies discussed or recommended in this report and should understand that statements regarding future prospects may not be realized.

Investors should note that income from such securities, if any, may fluctuate and that each security's price or value may rise or fall. Accordingly, investors may receive back less than originally invested. Past performance is not necessarily a guide to future performance. Neither the information nor any opinion expressed constitutes an offer to buy or sell any securities or options or futures contracts. Foreign currency rates of exchange may adversely affect the value, price or income of any security or related investment mentioned in this report. In addition, investors in securities such as ADRs, whose values are influenced by the currency of the underlying security, effectively assume currency risk. Moreover, from time to time, members of the Institutional Advisors team may be long or short positions discussed in our publications.
