SUNDAY SERMON

There never has been, there is not now, and there never will be a simultaneous long term bull market in gold and a long term bull market in the D. J. I. A. and the S & P 500. This is the most simple and obvious market reality. It absolutely cannot be otherwise. Anyone who says or writes otherwise is stupid, ignorant or a liar. Liars for political purposes “abound aplenty.” Items such as Quantitative Easing will only slightly delay the inevitable. The market results of Quantitative Easing will be viciously removed. Quantitative Easing has elevated the stock averages to a level that will make the collapse far worse than it would have been if it never started. The end result will be a collapse beyond description!

DOW JONES INDUSTRIAL AVERAGE QUARTERLY

GOLD QUARTERLY

For both gold and silver the price at every # 4 high was higher than the price at the previous # 4 high. Every # 4 high was followed by a new bull market high. There is one question that remains unanswered and this is the question;
