This time it's different!

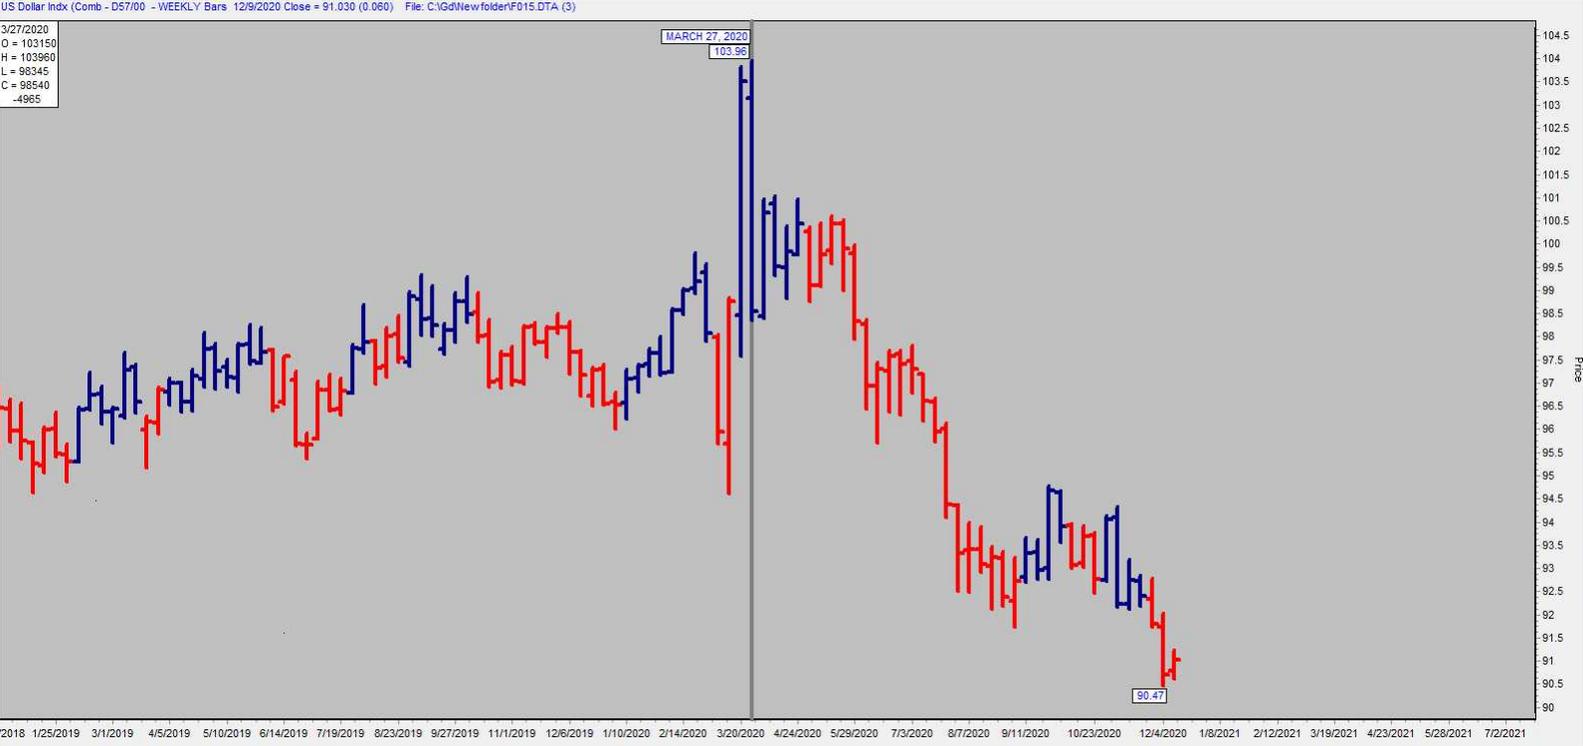

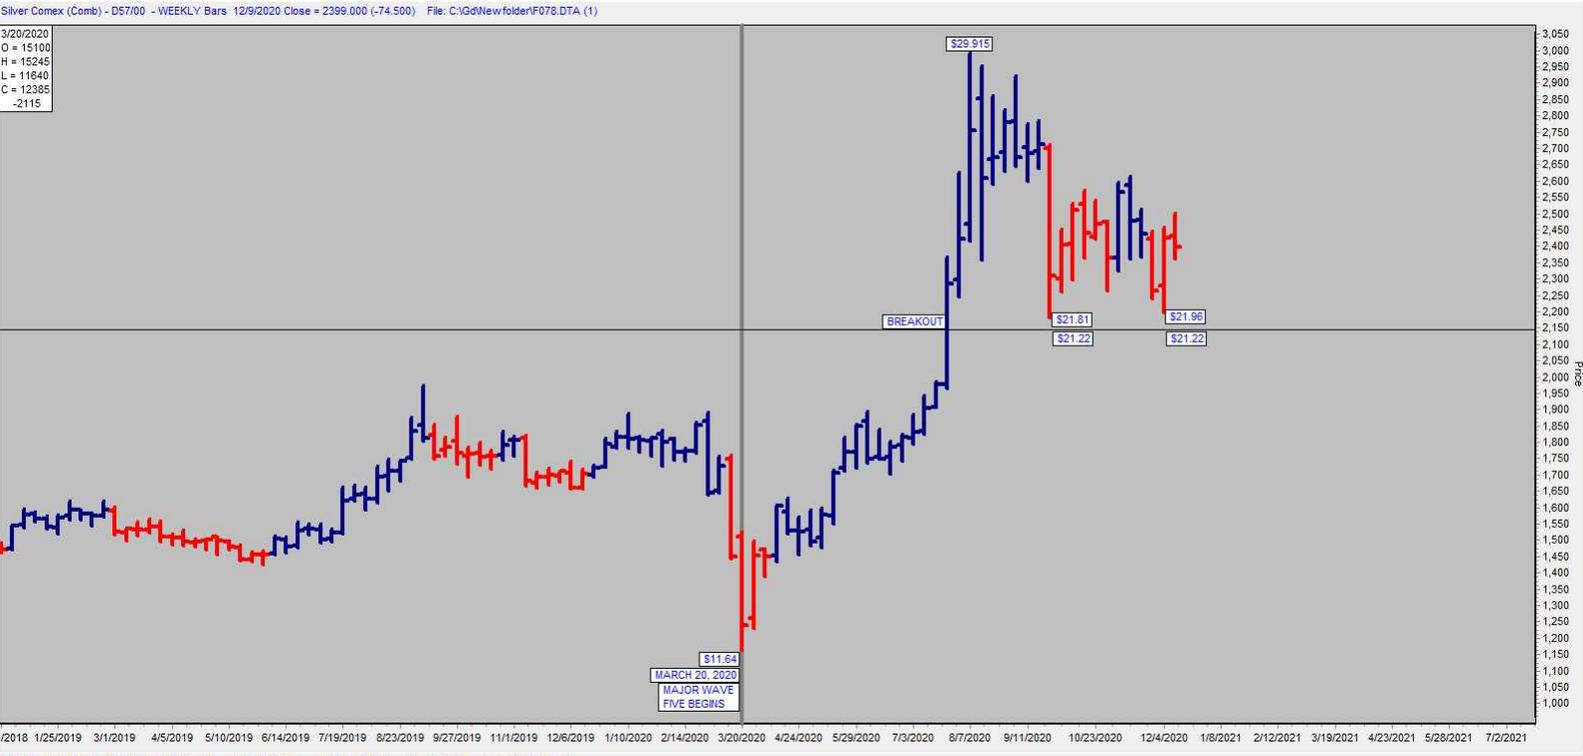

- 1. There is no stock market bubble in sight.*
- 3. Nothing from the past will repeat.*
- 4. Silver is clearly a useless asset.*

If you agree with the above please grab a brush and help me paint the grass green.

If you disagree with the above it may be the fault of the charts posted below.

SILVER WEEKLY

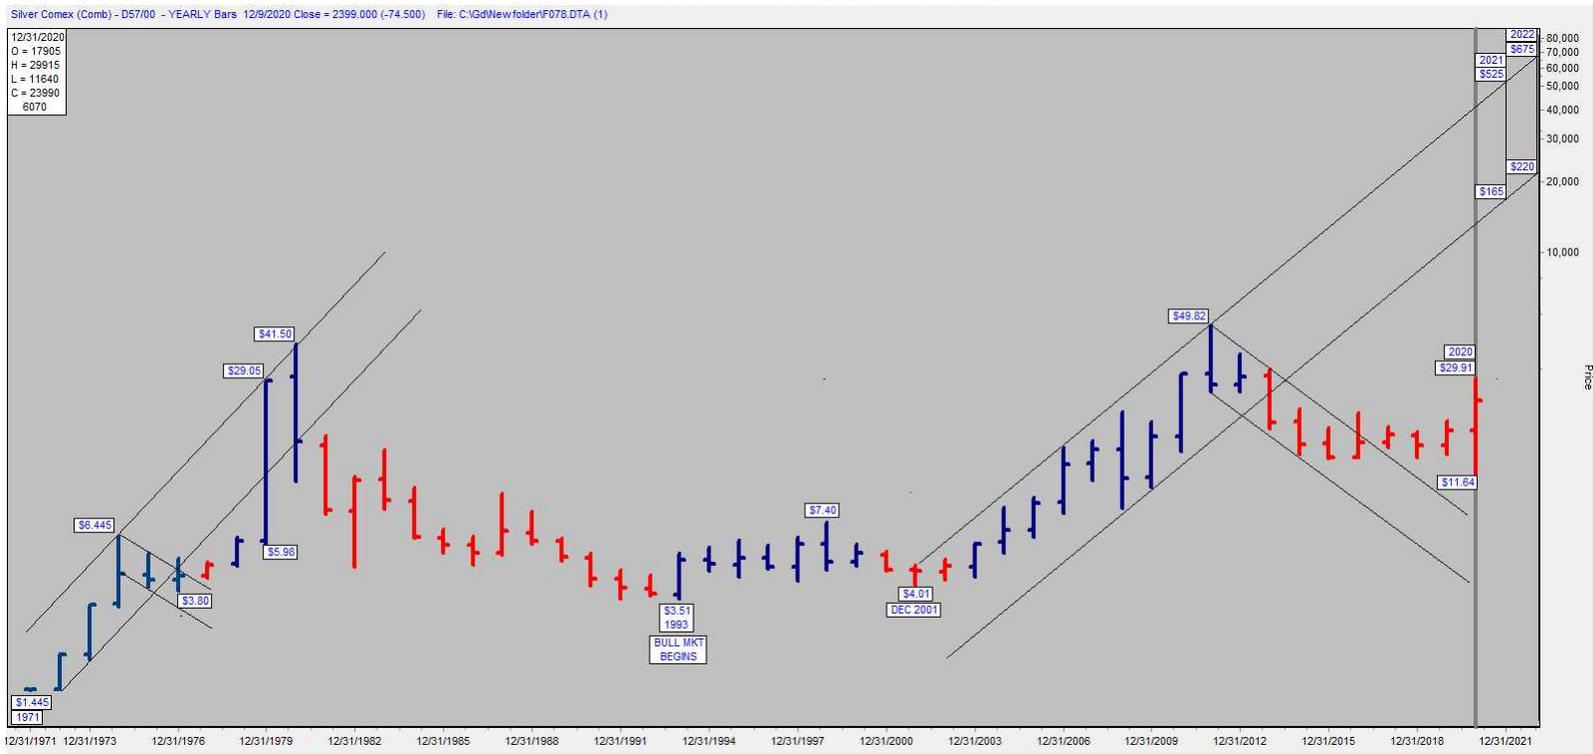

DOLLAR INDEX WEEKLY

3. *Nothing from the past will repeat.*

Well, on second thought it looks like somethings just may repeat.
Silver selling for \$500 to \$600 an ounce may see silver stocks perform rather well!
At the very least we should get a refund for our paint brush.
